Community-Based Support

1,465,982 people received services through UNHCR-supported community centres

Community and satellite centres provide protection services, such as child protection activities, catch-up classes for children and legal assistance including birth registration and civil documentation.

Community Mobilization

2,876 outreach volunteers engaged in 14 governorates

Volunteers visit people in their houses, provide immediate assistance if needed, offer advice while identifying solutions and refer cases to community centres for further services.

Child Protection

12,200 children-at-risk received support

This support includes counselling by trained child protection caseworkers on issues such as child labour, early marriage and violence against children.

Mental Health and Psychosocial Support

20,908 people received mental health and psychosocial support

This includes medical and in-kind support, rehabilitation and counselling.

Cash-Based Interventions

4,610 refugee households receive multi-purpose cash grants on a bi-monthly basis

The grants allow refugees to meet their most urgent basic needs while supporting the local economy.

Legal Aid

49,538 people received legal assistance

This includes direct interventions before courts and administrative bodies to facilitate obtaining civil registration or documentation.

Gender-Based Violence

8,118 survivors of gender-based violence assisted

This includes counselling, referral to specialized health services, protection interventions or legal assistance.

Health

302,080 people benefited from health care services

This includes primary health care services, mostly in remote rural areas.

Shelter

16,940 households supported with shelter assistance

This support includes distribution of tents in camps, provision of emergency shelter kits and repair of damaged houses in urban areas.

Core Relief Items

215,598 households received core relief and seasonal items

A standard core relief item kit comprises plastic sheets, mattresses, solar lamps, high thermal blankets, sleeping mats, jerry cans and kitchen sets. Supplementary seasonal items including winter clothing while rechargeable fans are also distributed based on needs.

Livelihoods and Self-Reliance

5,617 people received business start-up support

This includes the provision of agricultural kits and support to start-up small businesses.

Education

71,078 students participated in accelerated education programmes

This increases access to safe and equitable formal education.
