

Ukraine Emergency

Material Assistance

On 19 September 2022, the High Commissioner extended UNHCR's internal emergency declaration for the response in Ukraine and the refugee situation in Hungary, Moldova, Poland, Romania and Slovakia, as well as for neighbouring countries, specifically Belarus, Bulgaria and the Czech Republic. The emergency declaration activates time-limited exceptional measures to mobilize additional capacities and resources in order to support country operations in preparing for and responding to potential, unfolding or escalating humanitarian needs on the ground. The Division of Emergency, Security and Supply continues to work closely with the Regional Bureau for Europe and partners and donors on delivering relief items to the affected operations.

UNHCR and its partners provide much-needed items, including tarpaulins in Chasiv Yar, Ukraine.

OPERATIONAL UPDATE

To meet the basic needs of the affected populations, UNHCR has identified **\$123 million*** worth of material assistance for phase 1 and phase 2 of the response. From the onset of the emergency, UNHCR has been deploying relief items to the concerned operations from its global stockpiles and suppliers by utilizing all available modes of transport.

As the cold weather sets in, UNHCR continues to provide **life-saving winterization assistance** for people in need in Ukraine. To shelter the affected populations from the harsh winter conditions, **UNHCR dispatched 50,000 plastic tarpaulins by road** from the global stockpiles in Copenhagen and Amman. 10,000 were delivered to Kyiv by 26 December 2022, while the remaining stock will arrive in early January. **The value of winter supplies** and the estimated **transportation costs** so far stands at **\$31 million**.

UNHCR maintains 27 storage facilities in the region, ensuring a stable and reliable stock of relief items and other goods to respond effectively to any evolving needs. To optimize the regional warehouse network, UNHCR closed its warehouse in Ebes, Hungary.

*including estimated transportation costs

“

I believe the current situation in Ukraine affected most of us and changed our priorities. This is one of the reasons why I joined UNHCR. I feel this is the best way I can support people who had to flee their homes during these difficult times.

Luboš RICHTER
 Supply Associate
 Košice, Slovakia
